It's going to be a great rally and positive energy event. Now, if you are looking for a fight, then you will want to stay out after sundown and stay off the edge of the crowd. In that case, you will want to be among friends. If you are not looking for violence, you will be very likely to not find any. President Trump's team is undoubtedly orchestrating this event to help the cause and not destroy it. Having the protest descend into blood spilling violence will only help the enemy.

You'll be fine. We will outnumber the Antifa folks massively. Be friendly say hello to the folks you're gathered around and we'll make sure you have folks to walk with you back to your hotel or car. I think you'll have a blast. Being around like minded patriots, fighting for your country will be empowering and who knows you may make a few good friends.

OK, good luck with that. So, you going to the protest, where the President will be speaking, armed up and ready for war? That will go very well.

Nope. We can be ready for the worst, but I trust Trump and his supporters. Just the thought of us gathering so massively the folks in power know what that could lead to and I think Trump has a tricks up his sleeve, more and more evidence comes out and more senators and congressmen board. Be prepared as you see fit, but don't go there looking for violence just be ready for it as always. ✓

▼ Yea - all these tough talking Fortnite players will end up bloody and bruised from meaningless skirmishes with Antifags. If you really push the envelope, maybe you'll get arrested or some other dramatic event.

If you push the envelope too far, then Secret Service will cap you from 1000 yards. But LARPing is fun. both sides do it.

▼ I agree - it's just that the acts of patriots to save our country must be disciplined, intentional, planned and meaningful. A few angry pedes shooting up a couple Commie bastard politicians would hurt our cause terribly.

I do believe that the militias will mobilize very soon if it appears that Biden won. I personally plan to hook up if that happens. I am not saying that violence is the wrong response. We don't know if the non-violent plans will succeed or fail yet. I just really hope a few pedes don't go bonkers, shoot and get shot and then harm the cause in the process.

▼ LOL at your post history. You are obviously an anti-USA, anti-Trump leftist who supports Cheater Joe for POTUS and fears patriots will act the way they should to protect and defend this nation against the domestic enemy that stole election. Deport please.

▼ OK, sure. Good luck with that. Any act of violence committed without the leadership of the President will harm the cause. President Trump has the US military first, the militia second, the random Pede on a website way down around #300.

5 Had all sorts of great advice for you and then realized it's already been said. But upvoted you for asking the question many are thinking. Thereby ironically proving you're not alone.

5 At least don't wear ANY Pro-USA or Pro-Trump materials and ensure none are on your vehicle.
Be Joe-Average when not within the protection of pedes.

2 I'm coming in solo. Left the wife and kid home to be safe.

▼ You'll be fine. Just maintain situational awareness and carry some legal form of self defense (pepper spray or multi-tool with knife). Bring water and grub.

I made it to St Louis last night, Ohio tomorrow, DC by Monday!
